

Sonnette™ Shades

Transform light with a soft glow and unique fabric style

A Fresh New Look for Windows

Luxaflex® Sonnette™ Shades combine the simplicity of a roller blind with a cellular design. The softly contoured fabrics have a unique aesthetic that add style to any décor.

SOFTLY DIFFUSED LIGHT

Two layers of luxurious fabrics softly diffuse light creating a beautiful glow at the window. Sonnette™ Shades add elegant style to every room and window.

LOOKS FOR EVERY ROOM

Available in two opacities - semi-opaque, which softly diffuses light; and room darkening, which blocks light and affords you privacy. Beautiful design and innovation, all in one Sonnette™ Shade.

EXCLUSIVE COLOURS & DESIGNS

Make a design statement in your home with the latest trends in fabric textures. Sonnette™ Shades feature sophisticated neutrals, luxurious linen looks, timeless white and grey tones and vibrant hues.

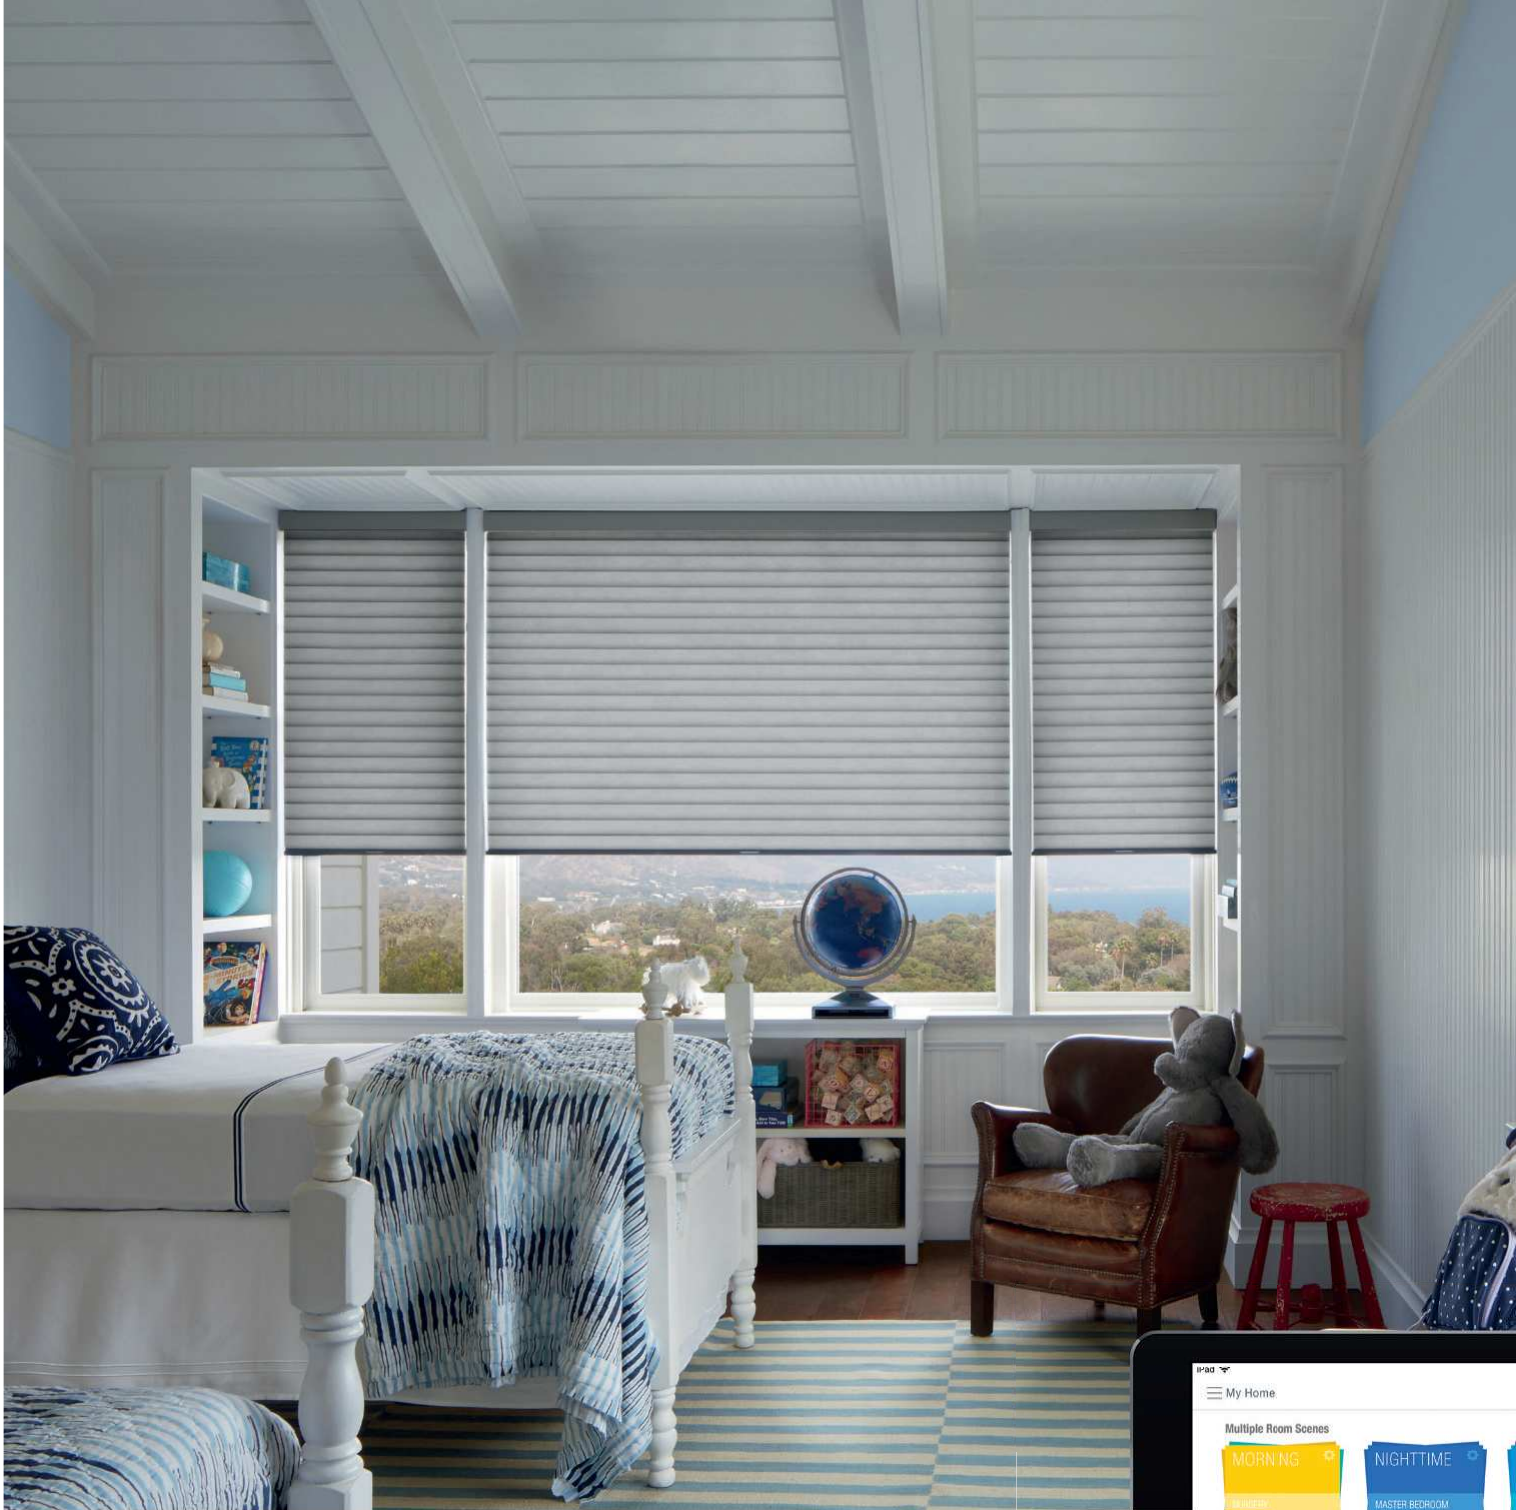

DESIGNED FOR ENERGY EFFICIENCY

There's more than meets the eye with our Sonnette™ Shades. The proprietary cellular design provides an energy-efficient layer that insulates your home in the winter and cools it down in the summer. Sonnette™ Shades provide superior energy efficiency over traditional roller blinds.

COORDINATE WINDOWS & DOORS

For patio or sliding doors, bay windows, French doors or regular windows, Sonnette™ Shades are the perfect choice to create a coordinated look at every window or door.
