

Pirouette® Shades

Change the way you live with light

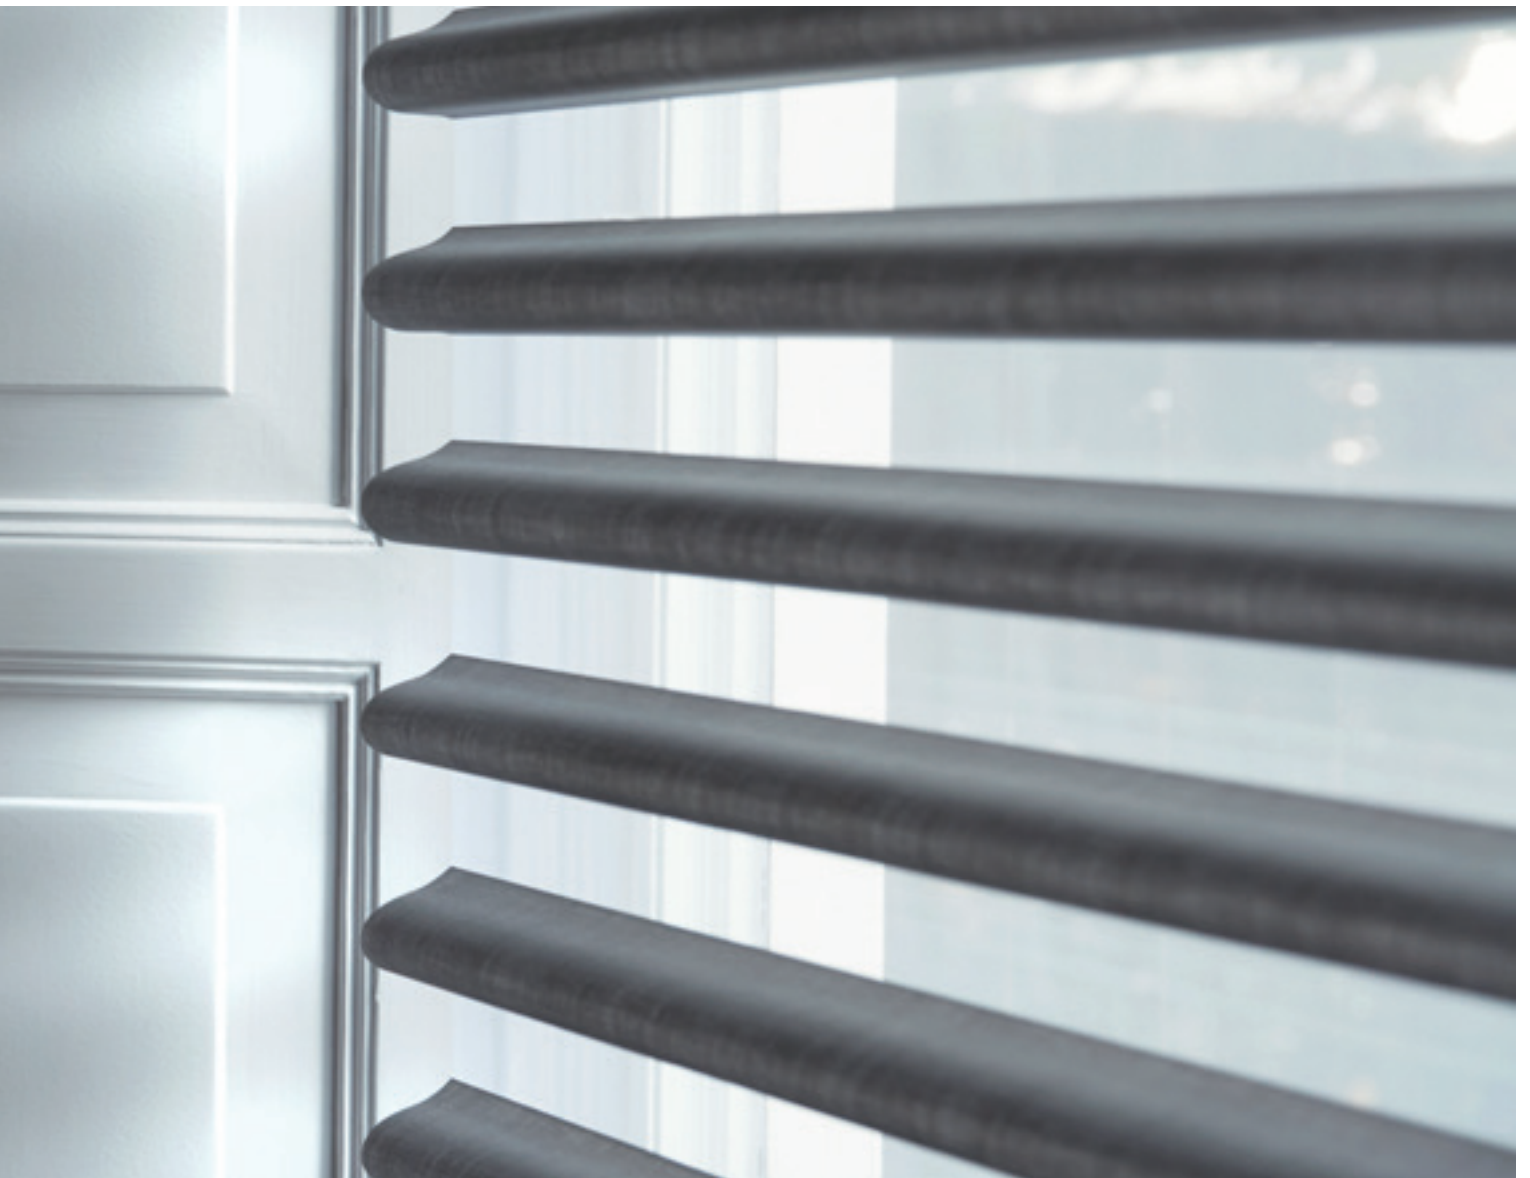

Pirouette® Shades

Beautiful, natural light or discreet privacy

Introducing new Luxaflex® Pirouette® Shades – a unique new design which will change the way you live with light. Inspired by the natural beauty of silk fabrics, Pirouette® Shades softly filter and control light to create beautifully dramatic effects.

And using the equally innovative PowerView® Automation, you can control your shades from any smartphone, tablet or by remote control.

The best
thing is the
light effects,
it really brings
the room
to life

Sheer beauty

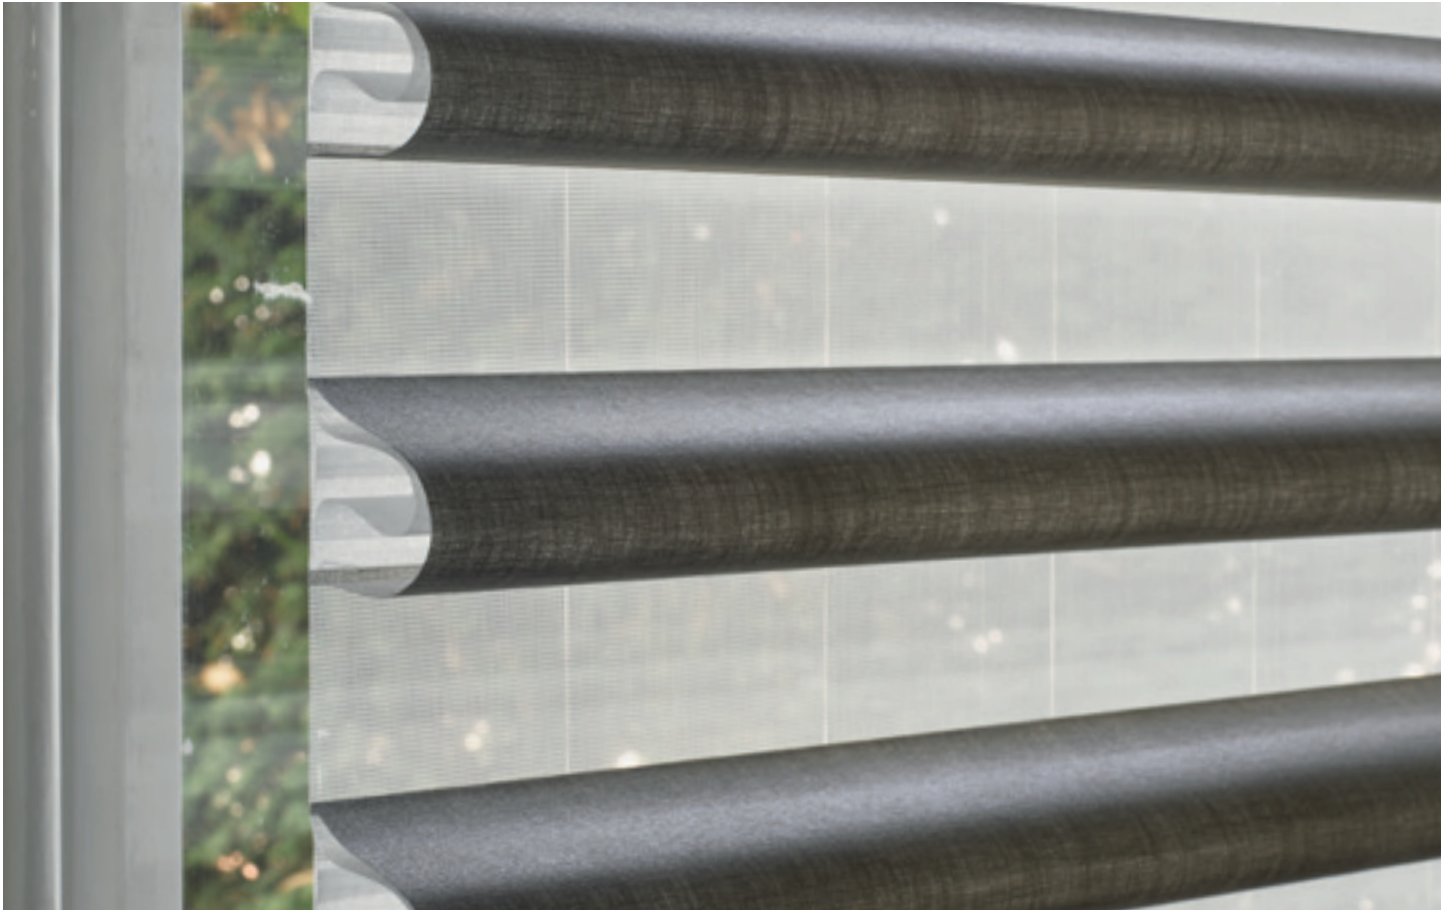

Add a personal touch

Pirouette® Shades help you create exactly the perfect level of privacy with soft, horizontal vanes floating effortlessly on a single sheer backing.

This unique design also gives you complete control over the natural light coming into your home. So you can transform harsh exterior light...diffusing it...spreading it evenly throughout a room to maximise daylight hours...and producing your own dramatic effects.

From translucent to room darkening, the vane positions of Pirouette® Shades can be easily adjusted to create your desired look; open for maximum view-through, contoured for a gentle cascade or flat for complete privacy and light control.

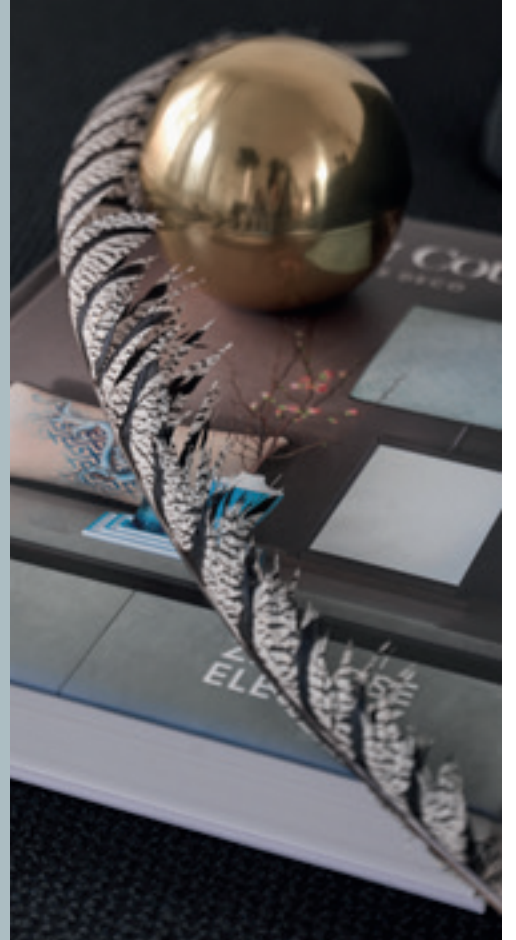

Fabrics

A wonderfully unique fabric style

The exquisite fabric of a Pirouette® Shade reflects the organic beauty of delicate raw silks and linens – and is available in a palette ranging from soft neutral tones to breath-taking pops of bold colour.

These beautifully sheer fabrics softly filter out brightness, glare and UV rays, protecting your furniture and flooring from fading whilst making a real design statement.

The whole House Solution™

Pirouette® Shades twinned beautifully
with Luxaflex® Luminette® Privacy Sheers

Seamlessly coordinate the design of a complete room or your whole home by pairing Pirouette® Shades with Luminette® Privacy Sheers which are perfect for large rectangular windows and sliding glass doors.

Safety as a priority

Everything we design always has safety top of mind. And making child-safe products for homes is an integral part of our design philosophy.

From developing cordless alternatives to our standard operating systems to fully motorised operation, we offer safer, more innovative lifting systems. And you can rest assured, we will give you all the expert advice you need to choose the right option for any window.

Light control reimaged

Now it's possible to control natural light throughout your home with the push of a button, a tap on a screen or by remote control. Nothing could be simpler.

Just programme PowerView® Automation to automatically move a single shade or each one in your home and create the perfect mood in any room - morning, noon and night.

Pirouette® Shades are also available with the easy-to-use EasyRise™ System and the sleek UltraGlide® System.

At Luxaflex® our window treatments start with **great design**. Light control, **energy efficiency**, and the convenience of **motorisation** are just some of the innovations that enhance the beauty of every room, every day – made to measure with a **five-year guarantee**.

The Art of Window Styling

Find your local Luxaflex® showroom at luxaflex.com
