PowerView® Automation.

Smart shades that simplify your life

With PowerView® Automation the world's most beautiful window coverings are now the most intelligent. This innovative Bluetooth system lets you move any Luxaflex® PowerView® window treatment according to the schedules you set.

Luxaflex® PowerView® Automation can be controlled by either the PowerView® App for smart phone or tablet devices or via the stylishly designed Pebble® Remote – all offering precise control over an individual blind or a group.

The PowerView® app requires the Gateway kit for operation.

Connect with other smart-home systems

The PowerView® system is designed for compatibility with most home automation system technologies on the market today, as well as Apple® iOS and Android™ tablets and mobile devices to expand the function of your wireless home.

**PowerView® App
is free to download**

The PowerView® Automation system is compatible with most home automation technologies. It is also compatible with Apple® iOS and Android™ Smartphone or tablet devices through the Luxaflex® PowerView® App, which can be found in the relevant App or Play Store.

PowerView® Gateway and Gateway Pro

The PowerView® Gateway connects to your homes WiFi and provides additional range and reliability to ensure all shades operate when you want them to. With the Gateway you can also control your shades with your favourite voice assistant or home automation system.

With the Gateway you can virtually control your entire home from anywhere in the world. Move individual shades, activate Scenes, create or edit Schedules, and more!

The Gateway operates using the homes WiFi only and is recommended for up to 15 Shades. The Gateway Pro can connect via WiFi or using the Ethernet port, the Gateway Pro is recommended for larger applications and can control up to 30 shades.

Gateway - £274

Gateway Pro - £372

Gateway and Gateway Prop Kits contain the Gateway Unit and cables.

Order surcharge - £11 per order

Remote Kit

The Luxaflex® PowerView® Remote Kit includes one of the following options:

Pebble® Remote or Surface Remote

Pebble® Remote or Surface Remote

Control unit available in White or Black

The optional PowerView® Pebble® Remote can quickly adjust any single, powered window treatment or groups of shades with just a push of a button. Enter a room and, like switching on a light, your shades operate your command with the stylish Pebble® available in 10 different colours. The Pebble® is the perfect union of form and function, both simply elegant and elegantly simple.

The Pebble® and Surface surrounds are available in various colours, please see page 5 for full colour selection.

Pebble® including remote control	- £96
Surface including remote control
